

Marlise Ramsey served six years in the USAR as a Combat Medic and Petroleum Supply Specialist before deciding to become an Educator. She earned a Master's of Education and a Bachelor of Biology from The University of Akron. She is currently nearing completion of an endorsement for grades 7-12 Technology Instruction also from The University of Akron. During her tenure with Akron Public Schools, she taught science for nine years at Buchtel Community Learning Center, served as a counselor at North High School, and then returned to Buchtel as the grades 9-12 counselor.
